## JOB DESCRIPTION

### OVERVIEW

**deli-at-work - the Working People's Deli** is founded & operated by "Working People" who for the longest time "Makan Gaji". We want to make a difference to the Working People, thus whether it's our Retail or F&B outlet, our mission is simple - "Make Working People's Life Better". We currently operate a Cafe & a Concept General Store at KL Sentral Store. We are looking to expand to more places where we can help make working people's life better. :)

### OUR MISSION

#### OUR FOOD & COFFEE

It has always been, and will always be, about freshness & quality. All our food and beverage are prepared on sites whenever possible. You will not find expiry date on any of our food as they are made today for today.

### OUR PEOPLE

It's never just a job for us, it's our passion. Together, we embrace diversity to create a place where each of us can be ourselves. We always treat each other with respect and dignity. And we hold each other to that standard.

### OUR CUSTOMERS (THE WORKING PEOPLE) & COMMUNITY

The leadership team are made of White Collars who loved their job but knew they could offer so much more especially to the "Working People". We seek to fully engage, connect with, laugh with and help make the lives of the Working People better by doing the little things better so that they can go through their days with one less worry. Whether it's the coffee you drink, the pastry you eat or the way you pay, we always think how we can make your day that little better. Every outlet is part of a community, and we take our responsibility to be good neighbors seriously. We want to be invited in wherever we do business. We can be a force for positive action – bringing together our crew, customers and the community to contribute every day. Now we see that our responsibility – and our potential for good – is even larger. The world is looking to us to set the new standard, yet again. We will lead.
